Description

Open of 12 meters with a particularly interesting layout for those looking for a sporty boat but really suitable for cruising.
The configuration with 2 CABINS and 2 BATHROOMS offers a higher level of habitability than many open rooms in the same category.
The interiors are designed to make good use of the available volumes, with separate and functional environments.

The large cockpit and large sunbathing areas make the outdoor spaces well organized and easily livable.
Also interesting is the presence of the GARAGE FOR THE TENDER, which allows you to keep the cockpit free.
The hull offers precise behavior at high speeds and good response even in rough seas.

A boat suitable for both daily use and multi-day cruises, with a particularly successful ratio between size, performance and habitability.
