Entertainment instruments	**television**
Safety	**fire extinguisher**
Persennings	**bimini top**

Description

First owner since new - Increased comfort not only due to the long list of extra equipment, such as the osmosis system (water maker, 140l/h), the generator, the air conditioning in all cabins - including the crew cabin -, the hydraulic gangway or bathing platform with integrated, automatic steps and 450kg load capacity, but also due to the built-in gyro stabilzer from Seakeeper.

Well-maintained Absolute 60Fly from 2021 / delivery 2022, privately owned, VAT not paid (net price) and with perfect ship documentation and maintenance history. This MY is equipped with the Volvo Penta D11-IPS950 diesel engines, each with 725 HP, as well as a bow thruster, making maneuvering a push-over. Docking in the harbor is made easier not only by the side door at the helm station, which is typical for Absolute, but in this case also by the third, aft maneuvering station with joystick. With a cruising speed of around 21kn, the engines run at around 2,100 rpm and a combined consumption of approx. 180l/h, the maximum speed is an impressive 30kn.

In addition to the flexibly adjustable seating area with electric privacy screen and the crew cabin at the stern, which is also ideal as storage space for all boat accessories, the spacious, teak-laid cockpit area is also fitted with an electro-hydraulic bathing platform and gangway. This 60 offers a total of 3 decks

Below deck 2 cabins with a double bed and each with an en-suite bathroom and a third cabin with two single beds, also with an en-suite bathroom

On deck level there is a bright salon with a TV and separate seating area opposite the helm station as well as a fully equipped kitchen in front of the aft cockpit

On the flybridge - equipped with a GRP hard top and an electrically extendable bimini towards the rear - there is a sun pad adjacent to the helm station, a piece of furniture with a refrigerator, BBQ and sink and a sufficiently large seating area with a teak table for up to to 8 people.
