QM B381

The B381 has a V-hull that keeps the boat calm and stable when sailing. The aluminium boat is light and therefore very easy to handle. The V-hull also ensures that you use less fuel during your trip. The B381 is low-maintenance and features an additional railing. Console The B381 can be fitted with a console to make steering easier. A seat for more comfort is also among the options. Flat floor The B381 has a flat, sturdy checkered aluminium deck that makes it easier to stand up and move around in the boat.

Engine up to 10 hp short shaft

QM B381
The B381 has a V-hull that keeps the boat calm and stable when under way. The aluminium boat is light and therefore very manoeuvrable. The V-hull also ensures that you use less fuel during your trip. The B381 is low-maintenance and has an additional guardrail. Console The B381 can be fitted with a console to make steering easier. A seat for more comfort is also among the options. Flat floor The B381 has a flat, sturdy chequer-plate floor that makes it easier to stand up and move around in the boat.
