QM B381

The B381 has a V-hull that keeps the boat calm and stable when sailing. The aluminium boat is light and therefore very manoeuvrable. The V-hull also ensures that you use less fuel during your trip. The B381 is easy to maintain and has an additional railing. Console The B381 can be fitted with a console to make steering easier. A seat for more comfort is also among the options. Flat floor The B381 has a flat, sturdy chequer-plate floor that makes it easier to stand up and move around in the boat.

Engine up to 10 hp short shaft

Description

This text has been translated automatically.

“B421”
The B421 has a V-hull that keeps the boat calm and stable when under way. The aluminium boat is light, which makes it very manoeuvrable. The V-hull also helps you use less fuel while under way. The B421 is easy to maintain and additionally features an extra railing. Suitable for a short-shaft outboard motor.
Fishing boat
Optionally, the boat can be equipped with a bow mounting plate, seats and rod holders, which makes the B421 also very well suited as a fishing boat.
Console
The B421 can be equipped with a console to make steering easier. A seat for added comfort is also among the options.
Flat floor
The B421 has a flat, sturdy chequered-plate floor that makes it easier to stand up and move around in the boat.
Engine up to 20 hp long shaft
