Water tank	**450 ltr**
Fuel tank	**1,395 ltr**

engine

Model	**Yanmar 4JH4**

Description

Sailing yacht SOLUTUS is an exceptional bluewater passage maker, designed and built for serious long-distance cruising in outstanding comfort and safety. Her current owners commissioned Brune Yachtbau in Germany, renowned for its high-quality yacht construction, to build a seaworthy, versatile and comfortable yacht that remains easy to handle, even in challenging conditions. Built to the highest standards, SOLUTUS combines exceptional engineering with carefully selected materials, premium equipment and thoughtful design. Her vertical hydraulic lifting keel, epoxy composite hull with carbon and aramid reinforcements, carbon rig, Park Avenue boom, three watertight compartments and dedicated bow crash zone reflect the uncompromising approach to safety and performance. Together with extensive sail-handling and trim options, a comprehensive sail wardrobe and an impressive array of technical systems below deck, complemented by B&G navigation electronics, she is exceptionally well equipped for extended bluewater adventures. Adding to her appeal, SOLUTUS features brand-new teak decks, bringing a fresh, elegant finish to her already impressive exterior.

Inside, this B60 Pilothouse offers the same thoughtful design, quality and attention to detail. The spacious pilothouse provides 360-degree views, with a fully equipped navigation station to port and a comfortable dinette to starboard that converts into a two-metre sea berth. A few steps down, the main saloon features a generous U-shaped dining area to port and a well-equipped galley to starboard. An office area and abundant storage space aft of the saloon further enhance her practicality for extended voyages. The owner's cabin is located forward, offering a double bed, wardrobe and private en-suite bathroom with washbasin, shower, vacuum toilet and heated towel rail. The aft guest cabin to starboard provides equally comfortable accommodation, including a double bed, wardrobe and its own en-suite bathroom with the same facilities. Originally configured with a second aft guest cabin to port, this space has been transformed into an impressive walk-in engine and machinery room, providing excellent access to the yacht's technical installations. Generous headroom throughout, a diesel-fired central heating system and reverse-cycle air conditioning ensure comfort in a wide range of climates. The Latin word SOLUTUS means ‘unbound’ or ‘free’ - a name that could hardly be more fitting. SOLUTUS is a compelling choice for those who dream of venturing far beyond the horizon.
