Discover the freedom of the Mediterranean aboard the Bavaro, a spectacular De Antonio Yachts D50 of 14.50 metres, built in 2024. This Spanish-designed motor yacht combines avant-garde lines, generous spaces and state-of-the-art marine engineering that redefines the boating experience on the Costa Blanca.
Based at Marina Denia, the Bavaro is your gateway to the most exclusive coves of Jávea, Moraira and Cabo de la Nao. A perfect day on the water with the comfort, style and excitement that only a De Antonio can offer.
The boat and its performance
The D50 is pure nautical adrenaline. Powered by two 600 hp Mercury outboard engines and a planing hull in fibreglass, it reaches cruising speeds of up to 30 knots and a top speed of 50 knots. Concealed engine technology keeps the impeccable look and exceptional performance intact. Sailing fast has never been so elegant.
Outdoor spaces designed for the day
Every metre of the Bavaro is designed to be enjoyed to the full. The aft deck features a generous sunbathing area with upholstered sun loungers, perfect for sunbathing as you cruise towards your next cove. The outdoor dining area with a central table lets you have breakfast, lunch or an aperitif with views of the Mediterranean. Forward, another sun pad invites you to relax completely. The retractable bimini top provides shade when you need it most without sacrificing the feeling of being outdoors.
The hydraulic bathing platform turns the stern into your private beach club, with direct access to the water, a freshwater shower and enough space to prepare snorkelling gear or simply enjoy the sea at water level.
Interior layout
Below deck, the Bavaro offers a bright, contemporary interior with 2 cabins and 1 full bathroom, plus a cosy salon. The open-plan design and large windows create a unique connection with the outdoors, always maintaining natural light and sea views. A boat designed for day outings that also lets you extend the experience and spend the night aboard if you wish (capacity for 4 people).
Equipment and comforts
High-quality Bluetooth sound system to set the mood for your day, fridge, galley area, air conditioning (optional) and all the details that make the Bavaro a premium experience from the first minute to the last.
Water toys
Included in your charter: paddleboard and snorkelling gear. Available as an optional extra: Seabob (€300), for exploring the seabed with complete freedom.
Professional skipper included
The Bavaro is always chartered with a licensed skipper, allowing you to enjoy the voyage worry-free. Knowing every cove, every corner and every essential stop along the Alicante coast, your captain takes care of everything so that you only have to relax and live the moment.
Destination: Costa Blanca and its hidden gems
From Marina Denia, the Bavaro takes you to discover the best of the Alicante coast: the turquoise waters of Cala Granadella, the spectacular Cueva del Llop Marí, the charm of Cala del Portitxol, the unspoiled beauty of Moraira and the dreamy beaches of Jávea. A day on the Bavaro is a day you will never forget.
Ready to live your perfect day on the Mediterranean? Request availability and book your departure aboard the Bavaro.
