Dehler 28 S Top – solid sailing yacht with potential after a long period of inactivity

For sale is a 1992 Dehler 28 S Top. The boat is generally in decent condition and offers a good basis for sailors who are looking for a proven, sporty and seaworthy Dehler and are willing to invest some care and attention.

The yacht has been ashore for the last two years and has therefore suffered somewhat cosmetically. The sprayhood in particular is heavily discoloured with algae and should be thoroughly cleaned. In addition, the holding tank is currently blocked and needs to be repaired or cleaned. These points are open items in the condition and are deliberately disclosed transparently.

Technically and in terms of equipment, however, the Dehler has many positive features. On board are, among other things, radio, wind indicator, plotter, echo sounder, speed log, compass and tiller pilot. Comfort is provided by a diesel heater, a shore power connection, a battery charger and a solar panel.

Important work and renewals have already been carried out in recent years. These include an overhaul of the sail drive, new sea cocks, a new gas line, a new battery, new upholstery and a new tiller. The roller-furling jib, including new UV protection, is also worth highlighting.

No trailer is included. The summer mooring is paid up until the end of the season and can be used by arrangement.

Overall, this is an honest Dehler 28 S Top with good technical equipment, sensibly renewed components and manageable care and repair requirements. Ideal for sailors seeking a solid yacht with a sporty character who are not afraid of smaller jobs.
