Description

The Dehler 98 Optima AK is a Van de Stadt design and is known for her stable pleasant sailing characteristics. It is a timeless design and still very popular partly because of her solid German construction.With a length of 9.80 meters she offers enough space for comfortable sailing with family or friends.The center cockpit is equipped with a steering wheel.The boat has a classic look and has a practical layout with a spacious saloon, two cabins, a well-equipped galley and a neat wet cell.

Thanks to the robust construction and stable design, this Dehler is extremely suitable for both inland waters and coastal sailing. She is well maintained and ready for a new owner looking for a reliable sailboat with character. Perfect for lovers of good sailing yachts!
