Deck equipment	**bathing ladder, integrated bathing platform**
Interior equipment	**cockpit table (auch ausserhalb des Bootes verwendbar), electric refrigerator (Position unter Beifahrersitz), sink**
Entertainment instruments	**radio**

Description

This text has been translated automatically.

The Draco Tramp comes from a shipyard that, in the 1970s, was among the most important motorboat producers in the world. Solid GRP construction, clean lines, designed for longevity.
For 6.5 metres the Tramp offers remarkably much: cabin with two berths and 1.85 m standing headroom, refrigerator, pressurised fresh water, echo sounder, hydraulic steering, bathing platform. CE category C also permits coastal waters. A 200-litre diesel tank ensures relaxed range. Thanks to its dimensions and weight the boat is very easy to trailer – a road trailer is included, currently without a valid registration, but this could be reactivated.
In short: a rare combination – diesel engine, extensive equipment, trailerable. An entry-level boat that brings a different technical and historical background than the average offer in this price category.
The key facts: 6.50 m × 2.40 m × 0.60 m | Year built 1981 | Lancia 2.5 D 115 PS, diesel, stern drive | Condition good, well maintained | Trailer included (without active registration) | Location: Märkische Heide, Brandenburg
