Description

This text has been translated automatically.

The Elan E4 is a modern cruiser-racer sailboat, designed to deliver high performance while maintaining an excellent level of comfort on board. At 35 feet, it represents an ideal compromise for sailors seeking a fast, manoeuvrable and versatile boat, capable of excelling in both sporty sailing and coastal cruising.

Its modern hull and optimised deck layout make it a sailboat that is particularly pleasant to helm. The spacious cockpit is equipped with two steering wheels offering excellent visibility and precise handling, even in demanding conditions. The overall ergonomics make manoeuvres easier, whether sailing with a reduced crew or in a more sporty setting.

The Elan E4 is fitted with an electric motor equivalent to 20 horsepower, offering quiet, clean and efficient navigation for harbour manoeuvres and motoring. This configuration brings additional comfort and a more environmentally friendly approach, while maintaining performance suited to the boat’s programme.

The interior is bright, modern and functional. It features two comfortable double cabins, a spacious saloon with a table seating up to eight people, and a fully equipped galley including an oven and a refrigerator. A full bathroom completes the layout, making weekends or coastal cruises possible in good comfort.

In terms of navigation, the equipment is comprehensive, with a GPS plotter, an AIS, a VHF radio, an echo sounder, as well as three masthead displays, offering clear and precise reading of navigation information. This package ensures safety, performance and ease of use.

The Elan E4 is aimed at discerning boat owners who want a modern, high-performance and well-equipped sailboat, capable of delivering genuine sailing sensations while remaining comfortable for cruising.
