We are proud to offer you this exceptionally fine Elling E3 Ultimate. No expense or effort has been spared to keep this Elling in perfect condition. From meticulous maintenance of the engine and onboard systems to a recently and smartly re-painted hull. Everything is spick and span and shines at you. Moreover, this Elling is also nicely fully equipped with, for example, air conditioning, a beautiful Besenzoni gangway, central heating, cameras, generator, washing machine, etc., etc. This vessel is truly ready to sail for a new owner. Just stow your own belongings on board and the lines can be cast off!
The Elling E3 needs no further explanation for most boating enthusiasts; the revolutionary design, seaworthiness, practical ease of use and high-quality finish are much-cited and praised hallmarks of Elling. The E3 we are offering naturally is no exception. On board, the aft deck features a cockpit where you and all aboard can sit comfortably outdoors with a pleasant view of the surroundings. And for sun worshippers, there is a very spacious sun deck with comfortable cushions on the foredeck.
Should the weather conditions turn out somewhat disappointing, the cosy wheelhouse provides a solution. Here, on port side, you will find a comfortable settee with a table, and on starboard side the vessel's controls. From behind the steering wheel you have a good overview of the vessel and its surroundings, and of course the necessary instruments for navigation and onboard systems.
From the wheelhouse, a staircase takes you down into the saloon. This is remarkably spacious and pleasantly bright. On starboard side there is also a settee with table here, and opposite it, on port side, you will find two comfortable armchairs. Of course, there is ample storage space throughout the vessel. From the saloon you see a number of doors. The forward one leads to the first guest cabin. This is fitted with a double V-berth. Behind the second door you will find, for your guests, a generous wet cell with separate shower facilities. And through the third door you enter the second guest cabin. This is fitted with a bunk bed.
Further aft in the vessel we come to the galley. This is also spaciously laid out and equipped with everything you would expect on a vessel of this kind. Of course, hot and cold running water, but also a new dishwasher, a beautiful induction cooker and a combination microwave. Right at the aft of the vessel is the owner's cabin. This is also nicely spacious with plenty of storage. There is also a private wet cell with toilet and separate shower.
Are you looking for a vessel that is extremely suitable for longer voyages and where you need not shy away from open water? Then the Elling E3 is certainly an interesting vessel for you. The Elling E3 we are offering is also excellently maintained and fully equipped. Whether you are heading to cooler or warmer regions, with this vessel you will always be comfortably and safely on board.
