Description

The boat served in the Finnish archipelago as a pilot boat, then as a personal tender and weekender, was built in Finland under English Loyds

The boat has served in the Finnish archipelago as a pilot boat. Unique and seaworthy. Then as a personal tender and weekender. The boat was built in Finland under English Loyds.

The boat has been completely stripped bare in recent years, repainted, the cockpit is self-draining and completely fitted with a new floor and hatches of Padouk.

A large cruising area is possible due to its seaworthiness. Includes 6 ton storage trailer.

Engine, electrics, water
Other: Engine has been extensively checked by Volvo IJmuiden and provided with new filters and oil.

Rig and sails
Other: The stainless steel mast is fold away.

Equipment
Other: A new rooftop tent is present over the entire cockpit.
