Hunter 426 for sale

REF1754 - EU VAT PAID

This Hunter 426 (44') Deck Salon Owner's Version, designed by Glenn Henderson, is a rare opportunity on the market due to her condition, her extensive refit and her excellent cruising capabilities.

A comfortable and intelligently engineered sailing yacht, the Hunter 426 is widely appreciated for providing exceptional volume, easy handling and superior onboard ergonomics - qualities that make her ideal for couples, families and serious cruising sailors alike.

From stern to the keel sump, Hunter added a Kevlar laminate, to give extra protection against collisions.

This adds an extra level of security and strength but not weight, where is needed most.

Antimonious Lead Keels-real hardened lead keels are attached with stainless steel keel bolts, which although more expensive than iron, provide superior performance, safety and minimum maintenance.

This particular Hunter 426 has been continuously upgraded, with a major system refit exceeding €40,000 in 2023, following a full survey in France.

She received a full anti-osmosis treatment in 2023 and antifouling in 2025.

Her current owner has ensured that all the important systems, rigging, electronics and equipment have been renewed or significantly improved.

The yacht represents one of the cleanest and most trustworthy examples of the Hunter 426 available in Europe.

She is powered by a Yanmar 54HP, meticulously maintained and fitted with new 2023 roller Genoa and 2023 roller Mainsail both triradial (with the previous set still in operational condition), along with new standing and running rigging.

Sailing is made effortless with the WinchRite cordless electric winch system, ideal for short-handed cruising.

She accommodates 4 guests in 2 cabins, served by two newly installed electric WC/Shower units.

The Owner's Version layout is generous, bright and intelligently arranged for long stays aboard.

Her specification includes: new GPS/Plotter, echo-sounder, autopilot, VHF, wind/speed instrument, bimini and sprayhood (new frame), cockpit side shadow covers, dinghy with new outboard, new batteries, new inverter and many additional systems that elevate her to a significantly upgraded and highly attractive cruising yacht.

She has A/C infrastructure with compressor and will only need a water pump from her new owner.

The yacht carries CE Certification A, making her suitable for extended offshore passages.

You are welcome to contact Alvea Yachts for additional information about this Hunter 426 / 44 for sale.

General info

Hunter 426 for sale in excellent, upgraded condition, EU VAT PAID. Owner’s Version with new sails/rigging, new electronics, Yanmar 54HP. Contact Alvea Yachts for full details.

Description

Offered EU VAT Paid, this 2004 Hunter 426 (44 DS Owner's Version) has benefited from a major systems refit exceeding €40,000 in 2023, together with a full anti-osmosis treatment, renewed sails and rigging, upgraded electronics and continuous maintenance. Her CE Category A certification and documented investment make her a compelling option for serious offshore cruising.

Powered by a Yanmar 4JH5E 56 HP shaft-drive diesel engine with approximately 1,420 recorded engine hours at the time of listing, she features Raymarine navigation electronics, a Victron 2500W inverter, solar panels, Sleipner bow thruster, Lewmar windlass, WinchRite cordless electric winch system and new triradial sails with renewed standing and running rigging.

The spacious Owner's Version layout accommodates four guests in two cabins with two bathrooms, making her ideal for couples or families planning extended cruising.

A detailed PDF presentation, complete equipment specification and additional photographs for Alvea REF1754 are available upon request through Alvea Yachts. Private viewings of this used Hunter 426 Owner's Version for sale can be arranged by appointment.
