Description

The boat offers 5–7 berths and is equipped for comfortable family life on board.

The Norwegian-built Inter 9000 is a spacious family boat with a convertible forepeak, aft cabin, quarter berth, and convertible dinette. Both of the two separate sofa groups are convertible, and the cockpit can provide two additional berths with an extension kit. The toilet area features a septic tank with both sea and deck discharge.

Onboard, there is a diesel heater with outlets in the fore cabin, aft cabin, and cockpit, a water heater, and a shower with hot and cold water on the aft deck/swim platform. The galley is fully equipped with a hob, sink, and storage, and the boat also has a plotter with charts of the East Coast. The boat is semi-planing, has a top speed of approximately 24 knots, and performs best at 12–16 knots with a consumption of around 1 liter/nautical mile.
