Why did we order the last Lagoon 42s available in stock for you? Because we are convinced that no catamaran on the market today offers a better balance between price, space, comfort and seakeeping qualities. It is the best-selling catamaran in the world, and this success led Lagoon to extend its production. For you, Euro-Voiles / HD Marine seized the last opportunities available in spring 2027.

Hull 1029, built in 2027 and vintage 2027, is offered exclusively with four cabins, four heads and elegant Alpi Oak joinery. Its very comprehensive equipment includes, among other things: watermakers, electric toilets, USB sockets, a 2 kW converter, slatted bed bases, a freezer in the saloon and cockpit cushions. A helm hardtop with closing canvas, a complete electronics package, provision for a spinnaker and a semi-offshore rig complete this particularly competitive offer. Antifouling, launching, rigging and commissioning by our technicians are included, of course!

A number of options can be added and this unit can be customised with our custom shipyard: generator, solar panels, watermaker, air conditioning: we adapt your boat to your cruising.

These last 2 Lagoon 42s combine what really matters: generous volumes for living aboard, a friendly layout and well-regarded seakeeping for cruising. A proven model from the Lagoon shipyard, as appealing for family holidays as for a serious blue-water cruising programme. At this price and equipment level, this new 2027 guaranteed unit deserves your attention before any pre-owned purchase.

Receive the offer and full inventory, then discover the boat aboard or via live video. You can also find us at our dealership, during our sea trials, boat shows and events. Contact: 0033 (0)6 09 16 53 48

Exclusive dealer for Lagoon, Jeanneau and Prestige Yachts on the Côte d’Azur, Euro-Voiles / HD Marine has been in business for over 60 years. More than 70 full-time specialists, passionate and experienced, our own shipyard and our charter companies provide you with comprehensive, secure support: project definition, possible trade-in, equipment, financing and leasing, marina berth solutions and personalised services. Preparation for the big voyage or management-rental with rental income: let us study your programme.
