Make your sailing dream a reality by customising and equipping your catamaran to suit your needs and preferences!

Discover it with Euro-Voiles.

Lagoon has rethought life on board with this fantastic model:

- A spacious, innovative aft cockpit with a fine walk-through layout around a magnificent teak platform, a true terrace on the water, accommodating a Highfield CL 420 tender. An outdoor galley with a modular teak table
- A modular forward cockpit that can become a private cocoon, with a choice of either a bimini or an awning with carbon posts
- A redesigned flybridge inviting relaxation, with generous sunbathing areas, a wooden table, and a remote helm station that can seat up to 3 people
- An innovative coachroof with windows overhanging the saloon: you will enjoy increased daylight inside your catamaran during the day. At night, this view through the roof opens onto a starry sky, without leaving the comfort of the saloon.
With its large, inviting sunbathing areas, the coachroof creates a new lounging space with a breathtaking view over the water.
- A sleek line and a very open flow between inside and outside, with plenty of storage.

Inside, the magic is just as present in this catamaran, available with 4 to 6 cabins to suit every programme:

- A large, bright saloon, with a central opening hatch that creates a sense of boundless space and excellent ventilation
- A welcoming, modern L-shaped galley
- Beautiful light-filled cabins with refined finishes and Corian in the bathrooms. The beds are oriented toward the sea so you can make the most of these exceptional moments. One bathroom per cabin, even in the 6-cabin version!
The finish level is outstanding, with the use of fine materials, luxurious design and increased storage.

Let us build your boat project together: sabbatical year, holidays, charter, management, financing arrangements, berth. Call us!
