Lagoon Eighty 3 — the art of living at sea, in grand luxury version

The Lagoon Eighty 3 is not simply a large motor catamaran. It is a statement. An exceptional 24-metre vessel designed for owners who want it all: presence, space, refinement and that rare sensation of absolute freedom at sea.

From the very first moments on board, the tone is set. The volumes are spectacular, the circulation perfectly fluid, the light everywhere. Every space has been designed to offer a remarkable onboard living experience, in a resolutely contemporary, elegant spirit open to the horizon.

The panoramic saloon, bathed in natural light, becomes the true heart of the boat. It is a sumptuous entertaining space, but also a soothing living area, where interior and exterior are in constant dialogue. The aft cockpit naturally extends this art of entertaining, while the flybridge, spacious and superbly integrated, offers a unique atmosphere combining helming, relaxation and contemplation.

The Lagoon Eighty 3 is for those who do not want to choose between comfort and presence on the water. Whether for very high-end family use, exceptional cruising or privileged entertaining moments, it embodies a vision of yachting in which elegance is lived naturally.

In terms of propulsion, this vessel is fitted with 2 John Deere N13 engines of 580 HP with shaft drive transmission, a coherent and reassuring choice for a yacht of this category. Navigation favours stability, serenity and smoothness, with a genuine logic of comfort throughout every stage of the voyage.

What truly sets the Lagoon Eighty 3 apart is its ability to offer an exceptional quality of life on board, with the space and standing of a large vessel, while retaining the Lagoon DNA: conviviality, fluidity, light and relaxed elegance.

For an owner seeking an exceptional luxury motor catamaran, capable of welcoming family, guests and the finest moments of life at sea, the Lagoon Eighty 3 represents a rare opportunity.

The Euro-Voiles / HD Marine Group, Jeanneau, Prestige Yachts and Lagoon dealer, places at your service the full strength of its premium support:
financing or leasing advice, trade-in of your boat, marina berth solutions, turnkey delivery, personalised follow-up, maintenance and assistance by our 60 specialised technicians.
