Navigation	**AIS - Automatic Identification System, autopilot, echo sounder, GPS, GPS plotter, radar, VHF radio**
Interior equipment	**oven, refrigerator**

Description

LAUNET is a 17-metre sloop built by Chantier Launet and designed by Tortarolo. Originally built as a racing yacht for the Whitbread Round the World Race, she features a simple, strong and performance-oriented design, making her an excellent choice for sailing enthusiasts seeking speed, reliability and authentic offshore capability. Currently lying in the French Caribbean, LAUNET is presented in very good condition and offers a great balance between performance, seaworthiness and onboard comfort.

Built with a steel hull, a 21-metre AXXON carbon mast, rod standing rigging and a mainly NORTH sail wardrobe, she is well equipped for bluewater cruising and long-distance sailing. Her 85 HP NANNI turbo diesel engine, installed in 2019, watermaker, solar panels, complete RAYMARINE electronics and new 2025 tender further enhance her autonomy and ease of use.

Inside, LAUNET can accommodate up to 8 guests in 3 cabins, with a practical and functional layout. Benefiting from a refit including rigging, interior paintwork and upholstery in 2021, she represents an attractive opportunity for those looking for a fast, robust and well-maintained sailing yacht ready to enjoy the Caribbean and beyond.
