Description

Leopard 38 "SAM"

Built by Robertson & Caine to a Morrelli & Melvin design, this Leopard 38 combines four double cabins, two forepeak berths and a raised nacelle saloon. Fully refitted in 2025, she is ready to cruise the Mediterranean under French flag.

FULL REFIT 2025

Engines overhauled, stripped and repainted · sail drive seals replaced

Completely new interior and upholstery · sail drives and alternators serviced

New batteries, new Victron charger and DC/DC converter

Sails checked and reinstalled by North Sails (May 2025)

Hull repolished · new semi-rigid tender with 5 hp Yamaha outboard

BUILDER'S REMARKS: Built exclusively for Sunsail by Robertson and Caine, the new Leopard 38 is the newest generation of cruising catamarans, focusing on performance and comfort, offering an abundance of outdoor space to capitalize on sailing in the warm breezes of the tropics or Mediterranean.

The Leopard 38 features a large cockpit with an outside dining area and versatile ergonomic seating for up to eight guests. A functional hard-top bimini protects the cockpit area and helm station, where all the main sail controls are located for hassle-free manoeuvres, even with a limited crew.

Powerboat-style open transoms really make boarding easy. Other neat features include a top-notch anchoring system with electric windlass, a convenient dinghy davit with electric winch, and twin 30Hp diesel engines for good motoring performance.

The galley-up design incorporates a spacious saloon area and aft-facing galley with a serving window overlooking the adjoining cockpit area. Large vertical windows forward provide excellent shade and rain protection, and allowed the designers to maximize interior volume in the saloon area, with headroom of 1.95m/6ft 5in throughout.

Accommodations include four double cabins and two forepeak berths, great for kids or additional storage, and two large heads with dedicated shower compartments.
