## Description

*This text has been translated automatically.*

The Mastercraft X55 is a super luxurious wake and water ski boat. At a length of 7.80 m, it is one of the largest wakeboard boats on the market. Mastercraft specifies a capacity of up to 18 persons for the X55. In Germany, a maximum of 13 persons is permitted. The X55 therefore offers endless space.

The X55 is ideal for bachelor parties, birthdays and company outings. Bachelor parties in particular are very popular.

The boat’s home port is Wedel. We are also happy to come to the Baltic Sea. The costs for transfer to and from the venue amount to 150 euros.
Main season June to September, off-season 15% discount.

Special Offers: After Work until sunset 250 € (Mon–Thu, 18:00 until sunset, max. 4 hours)

Further highlights of the boat are:

- Music system by JL Audio Marine with 10 speakers, one subwoofer powered by 2 amplifiers.

Yes, you can really party!
iPhone, smartphone etc. can of course be connected via cable or Bluetooth.
There are 2 220-volt sockets and 4 12-volt sockets with charging cables.

- The boat has a fully functional refrigerator with freezer compartment, and a large coolbox is also included. Cold drinks are therefore always provided for.

- A toilet is also on board. For longer stays on board, this is a great relief, especially for the ladies.

- Another highlight is the Lotus barbecue. An extended barbecue party on board is always very popular.

- A very special highlight is of course the boat itself. The 480 hp 6.2-litre V8 Ilmor high-performance engine provides endless power. Wakeboarding behind this boat is a real experience. Without ballast, the X55 has a butter-soft wake that is simply fun. Beginners and advanced riders can perform great jumps on it. With full ballast (up to 2,000 kg possible), things really get going; the wake is then simply brutal. Those who like it and can afford it reportedly have a great deal of fun.
