Other information	**Further details regarding the yacht and her refit specifications are available upon request.**

Description

M/Y PROVIDENCE — MEFASA 35 M

Built in Spain by Mefasa in 1993 and originally launched as Xargo VII, M/Y PROVIDENCE combines aluminium construction with exterior lines by Don Shead Yacht Design and interiors attributed to Javier Sitges.

PROVIDENCE offers generous spaces and accommodation for up to 10 guests in five cabins, complemented by separate quarters for up to five crew. Her interior and exterior areas provide welcoming settings for socialising and relaxation, while preserving privacy throughout extended stays on board.

Her reported 54,000-litre fuel capacity supports extended cruising, with actual range depending on speed and operating conditions.

With her distinctive design and spacious layout, PROVIDENCE presents an appealing opportunity for buyers seeking an aluminium yacht of this size, with scope for refurbishment and personalisation to suit the next owner’s requirements.

Sales note: The owner is motivated to sell and will consider reasonable offers that reflect the yacht’s type, specifications and condition.
