Mimi Libeccio 11 Cabin
The Mimi Libeccio 11 Cabin is a modern vessel with its open stern to the sea, its hard-top and its large sunbathing areas!

The rear sunbathing area converts into a dining table; the galley is located to port under the hard-top.
The helm station is well sheltered and comfortable.
On the foredeck there is a large sunbathing area with folding backrests.

Inside, the forward cabin has a large double berth.
A second cabin can be created using movable partitions; the saloon then serves as a second cabin with a double berth.
The washroom with WC and shower is located to port.

Propulsion is provided by two YANMAR engines of 250 hp each.
