Description

RAUCOUS is an exceptional Open 53 sailing yacht, built in 2023 by JMV Industries in Cherbourg and Marine Composite in Italy. Designed by the renowned naval architecture firm Finot-Conq Architectes, this 16-meter carbon composite monohull perfectly combines offshore racing performance with the comfort of fast cruising, whether in the Mediterranean or tropical waters.

The interior is both minimalist and functional, accommodating up to 7 guests thanks to a smart layout: 4 cabins, a spacious saloon with additional berths, a fully equipped galley, and a generous bathroom. The layout is designed for long passages without compromising on comfort.

The cockpit is ergonomic, centralizing all sail controls and featuring twin helm stations. The flush deck allows for easy movement underway or at anchor. At the rear, a convivial area is designed for the crew’s comfort.

RAUCOUS is offered in immaculate condition, fully equipped and ready to sail. She is the ideal yacht for offshore racing, transatlantic crossings, or fast cruising adventures.
