Technical equipment	**battery charger, bilge pump, generator**
Deck equipment	**bathing ladder**

Description

The Pirelli 1100 Cabin is a high-class inflatable boat, which combines speed, attractive design and a good cruising set-up: perfect as a maxi-tender for yachts or as a fast and well-equipped day cruiser, with a small cabin and bathroom for greater autonomy.

About 11.37 m long, with a beam of about 3.54 m, it is built with a GRP hull and superstructure.

The hull is designed to offer high speed and safety even in fast navigation, representing a mix of high-performance RIB and habitable day cruiser.

The design, signed by Ocke Mannerfelt, combines carbon hard-top, sporty reel-boat look and a large modular cockpit: red cushions cover roomy lockers, while the dinette is equipped with a minibar with fridge, sink and icebox.

Under the console there is access to a small cabin with a double bed, locker and bathroom with sink, toilet and shower.

Powered by 2 370hp Mercruisers, the top speed exceeds 40 knots, while the typical cruising is between 25 and 30 knots.

Main accessories: GPS - Teak in cockpit - Stereo

Extraordinary maintenance 2024: Replacement of raisers and manifolds

The Pirelli 1100 Cabin is a high-end RIB that combines speed, attractive design, and a well-equipped cruising setup: perfect as a maxi-tender for a yacht or as a fast, well-equipped day cruiser, with a small cabin and bathroom for greater range.

Approximately 11.37 m long and approximately 3.54 m wide, it features a GRP hull and superstructure.

The hull is designed to offer high speed and safety even at high speed, representing a mix between a high-performance RIB and a comfortable day cruiser.

The design, by OckeMannerfelt, combines a carbon hardtop, a sporty reel-boat look, and a large, modular cockpit: red cushions cover spacious lockers, while the dinette is equipped with a minibar with refrigerator, sink, and icebox.

Below the console lies a small cabin with a double bed, a storage cabinet, and a bathroom with sink, toilet, and shower.

Powered by twin 370hp Mercruiser engines, the top speed exceeds 40 knots, while the typical cruising speed is between 25 and 30 knots.

Main accessories: GPS - Teak cockpit - Stereo
