Description

This Privilège Euphorie 5, Puck, is a prime example of a sleek and luxurious flybridge power catamaran, fully equipped and packed with upgrades for long passages in total comfort. With a massive beam of 7.98 meters, Puck offers an exceptionally spacious, well-protected aft deck with ample seating. Wide teak steps on both sides lead down the oversized bathing platform with upgraded electric stainless-steel davits, while sculpted teak steps moulded into the coach roof give access to the expansive foredeck with sunbeds. A stainless-steel spiral staircase sweeps up to the flybridge. The fly, shaded by a solid T-top, features an eight-person dining area, wet bar with sink and fridge, and a comprehensive helm station with a Raymarine suite of electronics. For added convenience, a second fixed engine control station and a Raymarine 7” multi-function display is located at the aft deck. Performance is provided by upgraded twin 320 hp Yanmar diesels, complemented by an upgraded 11 kVA Onan generator, inverters, chargers, solar panels, and a home automation management system. Additional equipment includes a water maker, tender with 20 hp outboard, carbon gangway, covers, bimini, and more.

The expansive deck areas are complemented by equally generous interior spaces. The panoramic saloon, wrapped in windows for 360° views, is smartly divided into a lounge and dining area, a U-shaped galley, and a navigation corner. The dining space features an L-shaped sofa and a table that lowers electrically to convert into an additional berth. The galley, with ample counter space, is fitted with Siemens induction hob, Siemens combi microwave/oven, dishwasher, and drawer fridge. The navigation corner immediately adjacent to the cockpit has navigation instrument repeaters to control the smooth-running of the boat when on autopilot. Both hulls house two large, well-appointed luxurious staterooms with ensuites, ensuring privacy and comfort for all guests. Reversible air-conditioning and a Webasto heating system guarantee year-round comfort. In short: Three decks, endless space and ultimate freedom.
