Description

Shadow 19 is a perfect Mediterranean project that has been further improved in terms of habitability and sunbathing spaces. A Sundeck of great versatility optimizes the combination of a small cruise, made possible by a large relaxation berth, and the desire for refreshment away from the noise of the coast. Also for this model, the high-performance characteristics of the hull allow rapid movement, offering great comfort to guests and driving pleasure to the captain.
Already with a power of 40 hp (without a license) the boat has an excellent performance.
