Other information	***This text has been translated automatically.*** **The Stillo 30 is currently being built for us. The pictures show sample images of a sister ship.**

From April 2020 we can offer you this space-saving marvel. The ideal boat for 2–4 people. At only 9.10 m in length, 4 people have plenty of room to live and sleep. The large bathing platform makes it easy to board. The wide side decks allow safe passage to the foredeck. The Stillo 30 is equipped with a closable canvas enclosure, so the cockpit can be kept airy and fresh or cosily warm, depending on the weather. A 4-step staircase leads down into the saloon with a U-shaped seat bench. To port is the wet cell with integrated shower and electric WC. The fully equipped galley with granite worktop leaves nothing to be desired. A further highlight is the 3 cabins. The berths have a sleeping surface of 1.60 m x 2.00 m and theoretically offer sleeping space for 6 people. However, due to the compact dimensions, we recommend occupying the boat with a maximum of 4 people and using the third cabin as storage. Of course, the Stillo is fitted with bow and stern thrusters. Navigation is done with a modern plotter, so that even beginners find it easy to handle the boat.

Description

Modern and elegant, our Stillo 30 “Michel”!
The ideal boat for up to 4 people. At just 9.10 m in length, 4 people have plenty of room to live and sleep. The large bathing platform makes it easy to come aboard. The wide side decks allow safe passage to the foredeck. The Stillo 30 is equipped with a closable canvas cover, so the cockpit can be kept airy and fresh or cosily warm, depending on the weather.
A 4-step staircase leads down into the saloon with a U-shaped seat bench. To port is the wet cell with integrated shower and electric toilet. The fully equipped galley with granite worktop leaves nothing to be desired. Another highlight is the 3 cabins: the forward one has standing headroom, while the two aft cabins have lower ceiling heights. The berths theoretically offer sleeping places for 6 people. However, due to the compact dimensions, we recommend occupying the boat with no more than 4 people.
Of course, the Stillo is equipped with bow and stern thrusters. Navigation is done with a modern plotter, so that even beginners find it easy to handle the boat. Travel times: Experience shows that our charter yachts are quickly booked during the main season. Why not make use of the quieter off-season? All charter yachts have heating and offer a comfortable climate even on cooler days. Whether you travel in spring or autumn, the lakes are especially calm, there is no waiting time at locks, and the harbours are pleasantly empty.
