Languages: German, English

Details

Boat ID	**s271943**
Flag	**Germany**
berths	**2**

Technical data

Draught	**0.50 m**
Hull material	**aluminium**
Hull kind	**displacement boat**

engine

Model	**Parsun**
Power	**30 hp (22 kW)**

Equipment

Technical equipment	**anchor, battery (Vetus SMF Marine), battery charger (Victron), manual bilge pump, main circuit breaker, rectifier (Victron multiplus 12 / 1600 / 70), shore supply 220V, single control, solar plant**
Deck equipment	**bathing ladder, integrated bathing platform**
Interior equipment	**sink, chemical toilet**
Safety	**fire extinguisher**
Layout of the boat - cabins	**aft cabin, owner cabin, outside steering position**

Description

This text has been translated automatically.

More outdoor area than interior space – and that is exactly what makes this Technus 9.5 appealing. Two terraces, a generous seating lounge and the walkable roof deck create an outdoor area that goes well beyond what is usual in this class. The roof terrace with its own seating area extends the living space upwards – a place for anchoring, relaxing and lingering.
The basis is technically well thought out: Technus from Mecklenburg-Vorpommern stands for specialised floating constructions. 15 PE-LD floats, each with a volume of 580 litres, connected by an aluminium substructure, form a stable and low-maintenance foundation. The superstructure is built using a timber frame construction.
The energy supply is also clearly structured: four solar panels, a Victron Multiplus inverter and a Victron charger work together and enable both autonomous operation and use via shore power. For you this means staying flexible – lying independently or connected.
In short: a well-designed houseboat with an exceptional outdoor area, sturdy construction and flexible energy supply – for buyers seeking space and freedom on the water.
The key facts: 9.5 m × 4.0 m × 0.5 m | Built 2019 (first launch) | Parsun outboarder 30 hp | Condition: well maintained | autonomous energy system (solar + Victron) | 15 PE floats | Location: Berlin
