ZAR mini FUN 6

The essentials at a glance:
+ Foldable inflatable boat – the smallest and lightest boat in the ZAR mini range
+ Rollable timber slatted floor – rolled out and packed away in seconds
+ Pressure relief valve as standard
+ Ideal as an ultra-light dinghy for small sailing and motor yachts
+ Tube material: 5-ply reinforced 1,100 dtex PVC, 0.9 mm, welded seams (optionally available in CSM)

Technical specifications:
Length x width: 1.80 m x 1.45 m
Weight: approx. 20 kg
Max. persons: 2
Recommended engine power: 3 HP (approx. 2.2 kW)

The ZAR mini FUN 6 is the ideal inflatable for anyone looking for a reliable yet particularly small and lightweight folding boat. Thanks to its rollable slatted floor, it is set up in no time and just as quickly stowed away again – all that is needed is to pump the tubes up and down. At only approx. 20 kg, it is the perfect dinghy for small yachts, motorhomes or anywhere where space and weight are tight.

Optionally available from us:
e.g. outboarder, electric motor, seat bench bag, launching trolleys

We would be happy to advise you personally – including on suitable engines and package offers. Financing available.
